On behalf of everyone here at EMKI, We would like to sincerely congratulate you for your observation you reported being chosen as the Gold Medal “Catch of the Week” for week # 36 in the category of “Workplace Enhancement / Hazard”. The ExxonMobil Global Drilling Organization picks these winners weekly. We recognize and appreciate your determination to not only observe an unsafe act or unsafe condition but also intervene to ensure that the people and the rig are safe and “Nobody Gets Hurt” and we have “No Spills”.

It is a comfort to know we have such highly dedicated professionals who stand ready to work safe and help us insure others work safe also. With your relentless commitment to safety it is obvious that you have a wide open future ahead of you. We can only hope that your experience working with EMKI has contributed in some small way to your safety culture.

We wish you all the best in your career and we are proud to have you as part of our team and look forward to your future contributions in helping us achieve our goal of **“Nobody Gets Hurt”/ “No Spills”**.
